Linux Kernel Workshop
Hacking the Kernel for Fun and Profit

Muli Ben-Yehuda

`mulix@mulix.org`

IBM Haifa Research Labs

AGENDA

- **Linux Kernel Overview,** just to get us started.

- **Introduction to Writing Linux Device Drivers,** a.k.a Linux Kernel Game of Life.

- **10 Things Every Linux Programmer Should Know** a.k.a Muli's pet peeves.

- **LUNCH!**

- **Linux Oopsing**, your kernel just oopsed, what do you do now, hotshot?.

- **System Calls for the Discerning Programmer,** where I prepare you for what's about to come.

- **Hijack and Rescue,** where you get to use what we learned today.
